

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/>
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2019 Continuum of Care (CoC) Program Competition. For more information see FY 2019 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2019 CoC Program NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2018 Project Application will be imported into the FY 2019 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2019 CoC Program Competition NOFA.

Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the "Submit Without Changes" process.

In general, HUD expects a project's proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

Data can be imported into a FY 2019 renewal project application from a FY 2018 new or renewal project application. For a project application that did not import last year's FY 2018 information, e-snaps will automatically be set to "Make Changes" and all questions on each screen must be updated.

Renewal projects that select "Fully Consolidated" on the Grant Consolidation screen may not use the "Submit Without Changes" process and esnaps will automatically be set to "Make Changes". However, if the applicant selects "Individual Renewal", this project application(s) can use the "Submit Without Changes" process. In addition, esnaps will automatically be set to "Make Changes" if the project applicant indicates on the Renewal Expansion Screen, this project application is for a "Combined Renewal Expansion" project application. However, the stand-alone renewal expansion project application(s) can use the "Submit Without Changes" process.

The e-snaps screens that remain "open" for required annual updates and do not affect applicants' ability to select "Submit without Changes" are:

- Recipient Performance Screen;
- Renewal Expansion Screen;
- Renewal Grant Consolidation Screen;
- Screen 3A. Project Detail
- Screen 6D. Sources of Match
- All of Part 7: Attachments and Certification; and
- All of Part 8: Submission Summary.

All other screens in Part 2 through Part 6 begin in "Read-Only" format and should be reviewed for accuracy; including any updates that were made to the 2018 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select "Submit Without Changes" in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: "Submission Without Changes" Screen, select "Make Changes", and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Once a project applicant selects a checkbox and clicks "Save", the project applicant cannot uncheck the box.

Please refer to the Detailed Instructions and esnaps navigation guides found on the HUD Exchange to find more in depth information about applying under the FY 2019 CoC Competition.

Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? No

Renewal Expansion

As part of the FY 2019 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Expansion. This process can combine up to 1 stand-alone renewal project application and 2 stand-alone new expansion project applications into 1 combined renewal expansion project application. This means recipients no longer need to combine expansion data in CoC Post-Award. Renewal projects that are part of an expansion must expire in Calendar Year (CY) 2020, as confirmed on the FY 2019 GIW or eLOCCS, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a combined renewal expansion in the FY 2019 CoC Program Competition? "If "No" click on "Next" or "Save & Next" below to move to the next screen.

No

Renewal Grant Consolidation Screen

HUD encourages the consolidation of renewal grants. As part of the FY 2019 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2020, as confirmed on the FY 2019 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2019 CoC Program Competition? No
If "No" click on "Next" or "Save & Next" below to move to the next screen.

To make changes to this information, navigate to the Submission without Changes screen, select "Make Changes" in response to Question 2, and then check the box next each screen that requires a change to match the current grant agreement, as amended, or to account for a reallocation of funds.

1. Provide a description that addresses the entire scope of the proposed project.

This project will provide permanent supportive housing to 27 homeless households (singles and families). This project will house 17 households with scattered site leasing throughout Jackson county, in addition to utilizing 10 units that Community Action Agency owns within the city of Jackson. By definition, eligible participants will be homeless, one adult in the household will have a disability, and the household will also be chronically homeless. These units will all be dedicated to chronic homeless preference at time of turnover. CAA will complete an initial assessment utilizing the Service Prioritization Decision Assessment Tool (SPDAT) at the time of entry into the program in order to prioritize need for services and ensure proper placement into the program. SPDAT will be used to assist with setting participant housing stability goals, and will continue to be utilized as a reference tool to measure both improvement and decline by the participant on these goals as well as setting new goals as needed. In home case management will occur weekly at a minimum initially and case managers will ensure that all participants will be seen at a level that will move them towards greater self-sufficiency as they move through the program. During these visits life skills will be offered to address areas of needed improvement and assist with maintaining stable housing. CAA staff will work with community partners to ensure program participants are connected to needed resources such as cash and non-cash benefits, health insurance, Primary Care Physicians, mental health services, employment opportunities, and educational resources for all in the home. Participants will additionally be offered community life skills classes such as budgeting basics, landlord/tenant education, or credit repair that CAA provides monthly. Participants will pay 30% of their gross household income towards their rent and all participant units will meet HUD Housing Quality Standards prior to move in and will receive, at a minimum, annual inspections.

As of January, 2015 the rate of compensation for an Executive Level II is \$183,300 per year.

The next Indirect Cost Proposal, based on actual costs for the fiscal year ending 09/30/2017, is due in our office by 03/31/2018.

ORGANIZATION: Community Action Agency, Jackson, Michigan

AGREEMENT DATE: 3/30/2017

SECTION III: GENERAL

A. LIMITATIONS:

The rates in this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. Acceptance of the rates is subject to the following conditions: (1) Only costs incurred by the organization were included in its indirect cost pool as finally accepted; such costs are legal obligations of the organization and are allowable under the governing cost principles; (2) The same costs that have been treated as indirect costs are not claimed as direct costs; (3) Similar types of costs have been accorded consistent accounting treatment; and (4) The information provided by the organization which was used to establish the rates is not later found to be materially incomplete or inaccurate by the Federal Government. In such situations the rate(s) would be subject to renegotiation at the discretion of the Federal Government.

B. ACCOUNTING CHANGES:

This Agreement is based on the accounting system purported by the organization to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the cognizant agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from indirect to direct. Failure to obtain approval may result in cost disallowances.

C. FIXED RATES:

If a fixed rate is in this Agreement, it is based on an estimate of the costs for the period covered by the rate. When the actual costs for this period are determined, an adjustment will be made to a rate of a future year(s) to compensate for the difference between the costs used to establish the fixed rate and actual costs.

D. USE BY OTHER FEDERAL AGENCIES:

The rates in this Agreement were approved in accordance with the authority in Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200), and should be applied to grants, contracts and other agreements covered by 2 CFR 200, subject to any limitations in A above. The organization may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

E. OTHER:

If any Federal contract, grant or other agreement is reimbursing indirect costs by a means other than the approved rate(s) in this Agreement, the organization should (1) credit such costs to the affected programs, and (2) apply the approved rate(s) to the appropriate base to identify the proper amount of indirect costs allocable to these programs.
